

There is no validation message in the field "Confirm password"

Attach Add a child issue Link issue

Description

When you start the application for the first time, you see the form with the following fields:

- Username
- Password
- Confirm password

Where "Confirm password" doesn't appear as a validation message, but a field is required

Steps:

- Open application MrBuggy7
- Click the "Save" button

Actual result:

Below the "Confirm" field, we don't see a validation message "The field is required".

Expected result:

Below the "Confirm" field, we see a validation message "The field is required", when the user doesn't fill a field.

Załącznik:

Creating the first admin

The username must contain a minimum of 5 characters and a maximum of 20 characters.

The password must have at least one special character (i.e. !@#\$%^&*?) and number and must contain a minimum of 6 characters and a maximum of 20 characters.
